June 2023

Dear Permit Holder,

We're anticipating another busy season, and have made some changes to hopefully streamline your visits.

The dropbox file has been updated for 23/24 and contains a wealth of resources – from the essential (but mundane!) reporting forms to the more interesting films, guides, resources and information. Please take your time to review the documents carefully. I have pulled out some of the new items for the 2023/24 visitor season below.

Stanley Bio-security Searches: For the 23/24 season we will be moving to a risk based structure for bio-security dog searches in Stanley. Expedition vessels are proving lower risk for rodents than other vessel types, so our sniffer dog team will be changing the way the search your vessels. On your first call to Stanley, a search will be arranged as normal and will only require a search every 4th visit after that.

Bio-security Audit: A tiered system of passenger audits will be introduced in the 2023/24 season. The first visit of the season will be a 'comprehensive' passenger audit which follows the current protocols for determination of sample size. Providing vessels get above 95% in a comprehensive audit, for subsequent visits, they can have a 'basic' audit. If an audit (basic or comprehensive) is failed, for the next visit to South Georgia a comprehensive audit is undertaken.

Closed Sites: Prion Island will remain closed this season due to pending boardwalk repairs. Cooper Bay Chinstraps is closed; however, the other Cooper Bay sites will remain open. The track to KEP is open this season (however buildings are still off limits).

90 day application timeline: All application types are now subject to a 90 day submission period. A sliding scale of late charges have been introduced (please see page 8 of the *Visiting South Georgia Handbook* for details). Note: late charges will take effect August 1 2023 (so applications submitted less than 90 days in advance up until August 1st will not be charged).

Looking forward to another busy season. As always, if you have any questions do not hesitate to get in touch.

Kind regards,

Allison Kean
